

The newsletter from Angel Business Improvement District

NEWS - June / July 2019

Welcome to the latest newsletter from [angel.london](#)

Despite the slow start to the summer of 2019, we are now experiencing higher temperatures and hopefully prolonged days of sunshine. Whilst we enjoy the good weather its important to remember to do those simple things to ensure you stay healthy and happy.

In this edition we provide a timely reminder from TfL to keep hydrated when using public transport; their advice may sound obvious, but its worth noting and passing on to your staff in order to keep business flowing in the Angel.

In terms of keeping happy, the Angel provides many ways to do this and we give an extra-special spotlight on a wide range of things going over the next few weeks. We have the Edinburgh Fringe previews and a worldwide food festival at the Business Design Centre. Please share this with all your colleagues so they can also know what's going on here at the Angel.

With best wishes for the month ahead.

SAFER - A timely reminder from TfL...

Please carry water with you in hot weather

Unfortunately, Angel tube station has one of the highest rates of Passengers Ill On Trains (PIOTs) incidents across the whole London Underground network.

During the summer many incidents are due to dehydration and overheating. When one incident occurs, this can lead to 'knock-on' incidents as subsequent trains are held within tunnels. So, whilst it may sound obvious, as the hot weather finally arrives TfL encourages you to pass the message onto your staff to

carry a bottle of water with them when travelling underground.
